## ***Circular to all Chief Executives of Commercial Banks and Credit Institutions***

### **Issuance of electronically generated receipts for over the counter foreign exchange transactions**

This is to inform all Commercial Banks and Credit Institutions that the Bank of Uganda will cease the issuance of forex receipts (Form P & R) effective January 1, 2016. You are therefore advised to use the period November – December 2015 to enhance your MIS capabilities in order to issue electronically generated receipts to customers by the above date.

You are further advised that the electronically generated receipts should replicate the features on the current Form P & R, including unique serial numbers, the source and purpose of funds and customer details for large transactions.

As required by Section 8 (c) of the Bank of Uganda Financial Consumer Protection Guidelines 2011, the receipts should be written in English and in a font size of not less than 10 in order to make them clear and legible.
