**Circular to All Chief Executive Officers of Commercial Banks, Credit Institutions, Microfinance Deposit-taking Institutions and Credit Reference Bureaus**

**The Improvement of Utilisation of Data from the Credit Reference Bureau**

Bank of Uganda contracted M/s AFC Agriculture and Finance Consultants GmbH to improve the utilisation of data from the Credit Reference Bureaus (CRB). In their first mission from March 5 – 23, 2018, the Consultants conducted a baseline study on the status of CRB operations in Participating Institutions (PIs).

Building on the findings from the first mission survey, which confirmed the limited use of credit data and challenges in data quality, the Consultants implemented their second mission from June 6, 2018 – July 13, 2018. This involved training staff from PIs on credit analysis, reporting, monitoring and dispute management, among others.

As part of the activities in the forthcoming mission, the Consultants are expected to build local capacity in PIs to deliver trainings, enhance knowledge and offer support in the utilisation of CRB data on a more continuous basis. In this regard, the Consultants will conduct a 'Training of Trainers' course for staff from PIs who will be certified as Trainers at the end of the program.

This is, therefore, to request you to release the nominated staff at your institution to attend the training on dates indicated on the schedule *attached*, at the Offices of Alliance Francaise from August 6 – 13, 2018.

Tumubweinee Twinemanzi (Dr)  
**Executive Director Supervision**
